## Colombia Mission

It was our great joy to minister at three different churches in Bogota, Barranquilla and Malambo on Dec. 3 - 16. The Holy Spirit moved in His divine power to save over 60 people and healed over 40 people from their various sicknesses. Many others were filled with the Holy Spirit and received His divine impartations.

We also attended the wedding of our adopted Colombian daughter, Hannah Lee and Juan Pablo on Dec. 7. They are wonderful Christians. We have known her since she was 8 years old from the girls' orphanage (Hogar Nuevo Amanecer) in Bogota. Currently, we are helping her to finish her nursing school in two years.

It was great to minister at Community of Faith Church in Bogota under Pastors Eduardo and Liz's leadership, Pastors Harold and Cynthia's church in Barranquilla and Pastors Roberto and Gladys's church in Malambo. Several people came to me and told me that they were healed when I ministered there last year. One young lady came and told us that she was saved when I came to minister at her church three years ago (bottom left picture).

## Visit to Hogar Nuevo Amanecer and Hannah's Wedding

Margarita and I met an orphan girl, Hannah, from the Home for orphans and poor children in Bogota when she was 8 years old. However, we were not able to bring her to the U. S. because her living mother, who abandoned her, didn't want her to be officially adopted to us. She grew up at the Home since she was six years old. We began to support her and the Home since 1988. She became a faithful Christian who never walked away from God regardless of her broken conditions in her life. We have been supporting her to finish her four year nursing degree so she can be a RN in two years. It was our great joy to take part in her wedding in Bogota. Her husband, Juan Pablo is a wonderful Christian and he works in an international bank in Bogota.

Hannah's Wedding

## Happy and Blessed Christmas and New Year!

Through our faithful monthly supports' sowing into RLM, we are able to accomplish what God has appointed for us to do in the world for His glory. During the months of Oct. and Nov., we unfortunately experienced financial difficulties. Please pray and ask the Lord how much He is guiding you to sow into RLM as the year end offering. We totally trust the Lord for our financial needs so that we can move forward with His mission to equip multitudes of GHN indigenous Missions Mobilizers in the world in 2020. [May God abundantly bless you, your family, business and ministries as you sow into RLM in accordance with His promises in Luke 6:38!](#) Thank you very much for your generous and sacrificial givings.
