2019

Dr. Lee ministered at New Year's Eve Service in WOWC

Dr. Lee was invited to minister at the New Year's Eve Prayer meeting at World Outreach Worship Center in Newport News, VA. As he shared the message of "New Beginning with God," the Holy Spirit moved in His mighty power to heal, deliver and impart unto over 450 members who attended the meeting. Several people who were watching the service in the internet also came to receive God's divine impartation to begin the New Year with His blessings.

WOWC New Year's Eve Service

Many participants were empowered

Dr. Lee's impartation prayers at WOWC

Dr. Lee also conducted the GHN Leadership Seminar at Living Faith Christian Fellowship

The GHN Leadership Seminar was developed to equip leaders of a church with magnifying the leadership examples of the heroes of the Bible in the Old and New Testaments. On January 12, the seminar was held at Living Faith Christian Fellowship from 8:45 a.m. till 5:00 p.m. During the impartation prayer time, the Holy Spirit empowered the leaders of the church, as well as several former GHN trained leaders with His divine leadership anointing and power.

Living Faith Christian Fellowship

Over 450 members of WOWC attended the New Year's Eve Prayer Service. A man came with a native American attire and danced in traditional style during the worship time.

As the WOWC worship team began to sing unto the Lord, His tangible presence and glory started to fill the sanctuary. The Holy Spirit continuously moved in the sanctuary so Pastor Russell allow Dr. Lee to minister right into the New Year until 12:40 a.m. Praise the Lord!

During the impartation prayer time, most of the leaders of Living Faith Christian Fellowship were deeply touched by the fresh anointing of the Holy Spirit to lead their church for His glory.

GHN Conference in Virginia Beach

Fresh anointing came upon the participants

Dr. Lee reports:

The New Year has been a very busy start for River of Life Ministries. It was such a blessing to minister and usher in the New Year by praying God's fresh "New Beginning" impartation to fall on the congregation of WOWC. We were suppose to stop at 11:45 p.m. to have the Lord's supper together and pray for God's blessings to fall upon the congregation as the New Year's count down at midnight. But the Holy Spirit was moving so powerfully that Pastor Evenson signaled me to continue on praying for the congregation right into the New Year. Truly WOWC is God's presence oriented church and not program based.

On January 24 - 27, we conducted the Global Harvest Network (GHN) Conference at Landstown Community Church in Virginia Beach. During each night's impartation prayer meeting according to the subjects that we taught that day, once again the presence of the Holy Spirit came down upon the participants mightily and they received physical and inner healings and deliverance from the bondages of cultural and religious spirits. When the Holy Spirit released His joy upon many people, they freely began to laugh in the Spirit and they were cleansed and freed from many different kinds of spiritual bondages in their lives. Truly God's River of Life was freely flowing unto the participants during each night's impartation prayer times. Several of the conference participants told me that they had truly received God's deliverance from religious teachings of the past and impartation of Kingdom authority and power in such a way that they would never be the same again. I rejoiced with them for their new freedom in Christ.

As we made God's appointed plans for RLM to equip indigenous missions mobilizers in the nations in 2019, we need your prayers and ongoing monthly financial support to carry out His mission. Please pray to become a 30 fold (\$30 per month) or a 60 fold or a 100 fold or a 300 fold or a 500 fold or beyond partners with RLM this year.

May God abundantly bless you as you sow into RLM this year according to His promises in Deuteronomy 28:1-14! May God's divine life, health, provision and peace be with you, your family, business and church all the days of your life!
